**Weekly Indicators –**  
27 May – 2 Jun  
2013

### Executive Summary

#### Economic Outlook downgraded again

- OECD has issued their latest semi-annual economic predictions for the global economy. We take a closer look at the changes from a global perspective, as well as from the perspective of the main countries. Particularly the European countries gives rise for concern as the economic outlook is, yet again, downgraded.

#### Cyber threats and the shipping industry

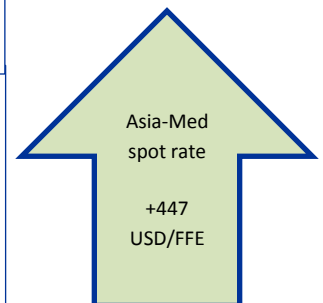

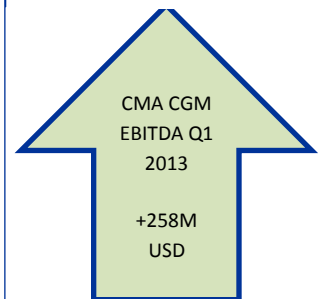

- With cyber attacks on the rise, we take closer look at the reality of cyber activism and industrial espionage challenges – and how this may well affect the shipping industry.

#### Carriers' eCommerce recommendations

- We take a look at the advice a medium exporter receives from 17 named carriers when asked about the opportunities to use eCommerce.
