October 6, 2013 – Issue 131

Weekly Indicators –

30 Sep - 6 Oct 2013

Executive Summary

Container Developments - North America

We have taken a closer look at the entire North American container market, and find that the East Coast ports are gaining market share, and that a large percentage of containers going in through the West Coast ports, go out through the South and East Coast

Carrier Environmental Performance and Targets

We review the environmental targets and performance of container carriers, as reported by the carriers themselves, and find a wide variety across carriers in terms of self-reporting on environmental improvements, as well as on self-imposed targets.
